Grading System - ECTS (European Credits Transfer System)

Each Academic Unit (A.U) contains several modules.

Student proceeds automatically to next academic year if he validates every A.U composing the semester.

The validation of an A.U is granted if the weighted overall average grade achieved for the modules in that A.U is equal to or higher than 10.0/20.
The decision to award ECTS credits remains the responsibility of the EIGSI End-of-Year Academic Boards.

The French rating system is based on a 20-points scale (0 being the lowest score, 10 passing and 20 the highest grade)

Grade	Cumulative %	Definition
A	10	Outstanding performance without errors
B	35	Above the average standard but with minor errors
C	65	Generally sound work with some errors
D	90	Fair but with significant shortcomings
E	100	Performance meets the minimum criteria
F		Fail - considerable further work is required
